Title: METHODS FOR INHIBITING REJECTION OF TRANSPLANTED
TISSUEAssistant Commissioner of Patents
Washington, D.C. 20231DECLARATION OF SANDRA E. MARXEN

I, Sandra E. Marxen, declare as follows:

I am employed by Clark & Elbing LLP as a Legal Administrator. I supervise the receipt from and delivery of mail to the United States Postal Service.

The Clark & Elbing LLP mailroom procedures that I and all other employees follow require that all mail to be taken to the Post Office be left in a specially designated box in the mailroom. It is also part of the mailroom procedures that I or another employee supervised by me asks each secretary each afternoon if he/she has any outgoing mail and to determine

whether any of that mail is being sent by Registered, Express, or Certified mail. At the close of business each day, I or another employee designated by me checks the box for mail and delivers it as follows.

If there is any Registered, Express, or Certified mail in the box, all of the mail in the box including first class mail is delivered to the United States Postal Service's General Mail Facility on Dorchester Avenue. If there is no Registered, Express, or Certified mail in the box, then all of the mail is delivered to the United States Postal Service's mailbox outside our offices at 176 Federal Street. On November 17, 1999, all first class mail was deposited in the mailbox outside our office before the last pickup.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patents issued thereon.

Respectfully submitted,
